Dear Pilgrim family:

We hope you are all well, living through what is probably the most unique Lenten Season in our lives! While many may describe these times as a trying experience, when you think about it from a spiritual perspective, it is a gift in disguise! For most of us, it is time to be together again with most of our family. It is time for reconciliation, time to forgive and be forgiven. Time to listen to each other at meal times, time to pray together, worship together (even though it is online — after all, this is earth and not Heaven — nothing can be perfect down here), time to enjoy each other's company and reflect over our lives in thanksgiving for all the good and the bad that God has allowed in our lives. It is certainly a time to do a self-examination of conscience and see where we can improve, making life better for us and our family. Please know that our prayers are with you and entire pilgrim family.

Regarding our pilgrimages in September 2020 and beyond, we want you to know that we are in close communications with our vendors, continuously monitoring the situation in all our pilgrimage destinations. So far all of the vendors are still on and are eager for our arrival. We have very special relations with our vendors due to our “truly Catholic” model, and this has resulted in a very fruitful information exchange. Although we hope and pray that all will be back to normal soon (some of the worldwide data is supporting that new cases are decreasing), it is too early to tell. So, we continue to monitor the situation, stay in contact with our partners and vendors and above all pray for a quick end to the coronavirus.

Things can change very quickly (like the postponement of the Passion Play in Germany, which happens every 10 years, and the postponement of the Summer Olympic in Japan) and we intend to keep you informed regarding any new developments. We have many protocols in place that we can draw on to match the particular outcomes that may surface. There is no need to call us now. We will be proactive about contacting you! However, if you have any questions, by all means, do contact us.

Once again, our hearts and prayers go out to you and your families and all of God's children affected in any way by the coronavirus. We ask you, too, to pray for them and for our great United States and all the countries affected (especially our destinations). It would be very appropriate here to pray for the intercession of St. Corona.

Have a holy and fruitful Lent!
